Dear Parent,

Your child has been receiving small group intervention in reading, math, and/or written language, based on their Individual Education Plan. During this intervention period, your child has been progress monitored at least every two weeks in the area of their skill deficit. Attached you will find a copy of your child's progress monitoring. All progress monitoring is reported using a graph so that you can see the progress your child is making.

Based on our progress measurements, we believe your child is:

	Making <b>good progress</b> and we plan to continue the intervention that we are providing.
	Making <b>some progress</b> and we plan to continue the intervention that we are providing.
	Making <b>limited progress</b> and we plan to consider changes in the intervention that we are providing.
