

TAP Principal

As a TAP Principal,

You will manage and inspire your school leadership team and help implement TAP. This includes making sure the elements of TAP are integrated in your school and teachers' daily responsibilities. You have an opportunity to drive the integrity of TAP evaluations and the performance-based compensation component. Additionally, you will work with your assistant principal to educate parents and the community on TAP.

Qualifications:

- Possess a masters's degree and full credentials or alternative certification, and a minimum of ten years of teaching experience.
- Exhibit classroom demonstration showing instructional excellence.
- Show data that demonstrates improvement in student achievement using specific instructional strategies.
- Demonstrate excellence as an instructor and communicator with an understanding of how to help adults grow.
