

TAP Assistant Principal

As a TAP Assistant Principal,

You will participate in your school leadership team and help implement TAP. This includes making sure the elements of TAP are integrated in your school and teachers' daily responsibilities. You have an opportunity to assist with the integrity of TAP evaluations and working with your principal on the performance-based compensation component. Additionally, you will work with your principal to educate parents and the community on TAP.

Assistant Principal

Qualifications:

- Possess a masters's degree and full credentials or alternative certification, and a minimum of five years of teaching experience.
- Exhibit classroom demonstration showing instructional excellence.
- Show data that demonstrates improvement in student achievement using specific instructional strategies.
- Demonstrate excellence as an instructor and communicator with an understanding of how to help adults grow.
